Cape Town

South Africa

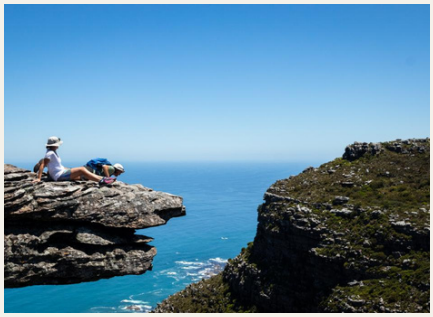

Summers: *Dry, highs of 28°C-35°C. South-Easter wind blows.*
Winters: *Mild, cold fronts bring rain, lows can drop to single digits.*

Referred to as the Mother City by locals, this coastal metropolis is home to 5 million people and is a popular destination for local and international travellers. Her increasing popularity stems from the spectacular natural beauty, diverse culture, rich history, and an endless list of attractions and activities. There are not many places in the world that can combine all this; there is something here for every traveller!

Reasons to visit ~

- End your hike in the mountains with a swim in the Atlantic.
- Taste award-winning wines, straight from the farm.
- The only thing better than the food is the restaurant's view.
- Unwind on a beautiful beach, with penguins to keep you company.
